PRESIDENT'S REPORT

Dear Compatriots:

This actually will be my last report to you as President. It will be short (you are in luck!) and hopefully sweet. The last 2 years have gone by surprisingly rapidly!

At our State Board of Managers meeting in November, it was reported by Secretary Alter that we have gained membership from 393 at the beginning of 2012 to 447 by November, a 13% gain – which is quite remarkable given the recession. Also we are financially healthy, although the \$32,161 in our account reported at that time is inflated as dues had yet to be sent in to National.

I could also report that we again won multiple awards at the National Congress in July: runner up for the Allene Wilson award for implementing SAR resolutions and principles; runner up for the Jennings Flathers award for our

superb SAR-izona News; flag streamer for outstanding support of the Center for Advancing America's Heritage; officers attendance award for National meeting attendance; and the CAR activities award.

Overall – thanks to all of you – we are strong and active and well positioned for the future!

Since November, I had the privilege of being the guest speaker at the annual meeting of the Phoenix Chapter on December 7th, and I installed the officers of the Saguaro Chapter on December 8th.

Our Color Guard has been active all over the state, in multiple places for Veterans Day parades, at the Pearl Harbor memorial on December 7th, and will be in other events in the near future including in our annual meeting in February, and at least one of us will be going to the huge Washington's Birthday celebration in Los Angeles (a National Color Guard event).

I am still hoping to get to all chapters, and I think I have finally gotten to most of them.

Finally, I want to again express my thanks for the privilege of having been your President during these two exciting years. You are all truly a wonderful group of people, and I am humbled and honored to have been allowed to serve you and our society.

THE ANSWER WE'VE BEEN LOOKING FOR!

Editor's Note: This was sent to me by a Compatriot. It is a most sensible and intelligent reasoning on gun control.

A MARINE'S VIEW OF GUN CONTROL!

"Human beings only have two ways to deal with one another: reason and force. If you want me to do something for you, you have a choice of either convincing me via argument, or force me to do your bidding under threat of force. Every human interaction falls into one of those two categories, without exception. Reason or force, that's it. In a truly moral and civilized society, people exclusively interact through persuasion. Force has no place as a valid method of social interaction and the only thing that removes force from the menu is the personal firearm, as paradoxical as it may sound to some.

"When I carry a gun, you cannot deal with me by force. You have to use reason and try to persuade me, because I have a way to negate your threat or employment of force. The gun is the only personal weapon that puts a 100-pound woman on equal footing with a 220-pound mugger, a 75-year old retiree on equal footing with a 19-year old gang banger, and a single guy on equal footing with a carload of drunken guys with baseball bats. The gun removes the disparity in physical strength, size, or numbers between a

potential attacker and a defender.

"There are plenty of people who consider the gun as the source of bad force equations. These are the people who think that we'd be more civilized if all guns were removed from society, because a firearm makes it easier for a [armed] mugger to do his job. That, of course, is only true if the mugger's potential victims are mostly disarmed either by choice or by legislative fiat -- it has no validity when most of a mugger's potential marks are armed. People who argue for the banning of arms ask for automatic rule by the young, the strong, and the many, and that's the exact opposite of a civilized society. A mugger, even an armed one, can only make a successful living in a society where the state has granted him a force monopoly.

"Then there's the argument that the gun makes confrontations lethal that otherwise would only result in injury. This argument is fallacious in several ways. Without guns involved, confrontations are won by the physically superior party inflicting overwhelming injury on the loser. "People who think that fists, bats, sticks, or stones don't constitute lethal force, watch too much TV, where people take beatings and come out of it with a bloody lip at worst. The fact that the gun makes lethal force easier works solely in favor of the weaker defender, not the stronger attacker. If both are armed, the field is level. The gun is the only weapon that's as lethal in the hands of an octogenarian as it is in the hands of a weight lifter. It simply wouldn't work as well as a force equalizer if it wasn't both lethal and easily employable.

"When I carry a gun, I don't do so because I am looking for a fight, but

because I'm looking to be left alone. The gun at my side means that I cannot be forced only persuaded. I don't carry it because I'm afraid, but because it enables me to be unafraid. It doesn't limit the actions of those who would interact with me through reason, only the actions of those who would do so by force. It removes force from the equation... And that's why carrying a gun is a civilized act."

By Maj. L. Caudill, USMC (Ret.)

So, the greatest civilization is one where all citizens are equally armed and can only be persuaded, never forced.

COLOR GUARD NEWS

Compatriots:

Our expert webmaster, Lynn Crawford, has put in two new Links on our Arizona Society website.

We now have a Calendar link and a Color Guard link. The Calendar link is the 8th one to the right of Home. The Color Guard link is below this group, and centered (above the word, Chapters).

Lynn has already put some Color Guard pictures on the new site. Some of them are a little old, but they should bring back fond memories. The pictures of the Palo Verde Chapter were provided by Jerry Minnis. We will post newer pictures as they become available. We will try to keep the new calendar link updated, to make it useful.

Please take a few moments to check out these new features:

MISSING IN AMERICA PROJECT

At the Anasazi Chapter DAR, they took up a collection for the Missing in America Project / Arizona. Their web site is www.miaparizona.org . This organization would like the participation and support of AZSSAR and its chapters. The Coordinator for Central & Northern AZ is Kathleen Laurier (a Vet herself). She will speak at any chapter meeting if asked. Her contact info is:
Kathleen@miaparizona.org or aznative1946@gmail.com or cell# 602.909.2121.

In short they are burying the cremated remains (cremains) of Vets in National Cemeteries where they belong. On Feb 22nd at approximately noon, there will be a service for many cremains found in AZ funeral homes & mortuaries. Come out and line the drive at the National Cemetery off Cave Creek Rd. Mike Jones

Gentlemen,

Kathleen Laurier is very willing to be a speaker at your meetings and tell you all about the "Missing in America Project". She is going mortuary to mortuary finding cremations of veterans that have not been claimed by their families and to get them put to rest with honors. Some have been on a shelf for more than 50 years.

For this first one she would love to have any of the SAR color guard in attendance and if any of your members would like to help line the entrance to the National Cemetery in respect that would be wonderful. If you contact Kathleen she can give you all the details as this first one is scheduled for Feb 27, 2013. If you already have your

program for February you can do like my DAR chapter did and just have her come and give a short talk on what this project is all about and still have time for your program.

It is a very touching project and I know that you and your veterans will be touched to hear what she is doing with this project. I have been told this started in Tucson but would love to have some of the Tucson Color Guard in their Spanish uniforms attend this or other events.

I hope that you contact Kathleen and have her come and speak at your chapters this is a very rewarding project and you can't help but be touched.

Thanks so much, Martha Jones

UPDATE FROM THE SAR FOUNDATION

Dear Compatriots:

I am excited to relay to you the results of our end of year 2012 direct mail campaign. Our members have sent in their dollars giving us the best year yet for our CAAH Capital Campaign. Special thanks go out to Compatriot Lanny Patten for his outstanding leadership as CAAH Capital Campaign Chair. Under his leadership, we sent out a September letter and a final year-end letter in November. To date, we have received \$180,394.75 in donations at a cost of \$25,458.90 for both mailers. This result is one of our best year-end solicitations ever! Since July 2012, we have raised \$1.9 million towards our immediate \$3.5 million dollar need. Remember, all donations are matched.

Our Phase II renovations at our 805 West Main Street headquarters building are moving ahead and we hope to be able to have staff operating out of our new building by July of 2014. The new building will provide space for our headquarters staff, our learning center, museum galleries and public gift store. It will greatly enhance our visibility and efficiency, and improve our outreach education efforts. With your continued support of this project, we can make it happen.

You may want to follow our progress by watching the video clips on the NSSAR web site. The first two have already been posted and show what is going on.

Thank you everyone for all you are doing to make our dream of a new headquarters come to life. If you have not done so, please consider making

your donation now to the SAR Foundation. Donation forms are available on our web site.

Yours in service,

Sam Powell, President

IN MEMORIAM

It is with sadness that I report that I received a phone call from Ruth Platt, widow of Clifford Platt to inform me that Cliff passed away in Hospice 12/3/12. Although Cliff resigned his membership for health

reasons in Dec 31, 2011, he was a very active member and a long time Color Guard Member who frequently went to schools throughout Southern AZ. He was the 77th State President of the AZ Society (2000-2001) and was past Chapter President of the Green Valley Chapter when it was active. Most recently, he was a member of Tucson Chapter and was presented a 15 yr service pin by the Chapter by several members who went to Green Valley to make the presentation.

A small, private funeral service has already been held. Ruth mentioned that one of the highlights in the last couple years of Clifford's life was our presentation of the SAR certificate. Ruth says she's doing okay, but admitted that she has good days and bad ones. If other compatriots would like to send cards, her address is 632 S Freemont Circle, Green Valley, AZ 85614.

I DIDN'T KNOW ABOUT COINS LEFT ON TOMBSTONES

While visiting some cemeteries you may notice that headstones marking certain graves have coins on them, left by previous visitors to the grave.

These coins have distinct meanings when left on the headstones of those who gave their life while serving in

America's military, and these meanings vary depending on the denomination of coin.

A coin left on a headstone or at the grave site is meant as a message to the deceased soldier's family that someone else has visited the grave to pay respect. Leaving a penny at the grave means simply that you visited.

A nickel indicates that you and the deceased trained at boot camp together, while a dime means you served with him in some capacity. By leaving a quarter at the grave, you are telling the family that you were with the soldier when he was killed.

According to tradition, the money left at graves in national cemeteries and state veterans cemeteries is eventually collected, and the funds are put toward maintaining the cemetery or paying burial costs for indigent veterans.

In the US, this practice became common during the Vietnam War, due to the political divide in the country over the war; leaving a coin was seen as a more practical way to communicate that you had visited the grave than contacting the soldier's family, which could devolve into an uncomfortable argument over politics relating to the war.

Some Vietnam veterans would leave coins as a "down payment" to buy their fallen comrades a beer or play a hand of cards when they would finally be reunited.

The tradition of leaving coins on the headstones of military men and women can be traced to as far back as the Roman Empire.

"The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants."
